PROFESSIONAL OVERVIEW

Experienced, multi-DAW (Logic Pro, Ableton and Pro-Tools) literate Producer/Sound Engineer - Graduated Music and Sound Recording at the University of York (First Class Honours), with expertise spanning a wide range of audio disciplines from editing to recording, mixing and mastering. I am also a Composer and Session Musician, majoring in piano and guitar as both a soloist and ensemble member.

EXPERIENCE

Producer/Sound Engineer/Composer

- Extensive experience in analogue and digital recording, production and mixing techniques gained through access to six industry-standard studio spaces, honing advanced skills in the capture and treatment of sound across a variety of settings including studio live rooms, concert halls, auditoriums and churches, working collaboratively with fellow musicians, composers and engineers in a professional environment via my three-year undergraduate studies.

Session Musician/Teacher

- Worked as a paid and volunteer Session Musician as an ensemble member in a jazz big band (pianist), a commercial band (guitarist) and as a solo pianist, playing at a variety of functions such as weddings, musicals and events. I have also delivered private instrumental lessons.
